1 Warming Rack
1 Leg Wire

B Place U-shaped wires on back of warming rack over straight wire.

Straight Wire

C Place leg wire into U-shaped wire on front of warming rack.

A Insert leg on warming rack into grill bottom

D Flex leg wire down and forward to secure on hook of warming rack.

10 **Using the Charcoal Pan**
Remember to remove the warming rack and cooking grate.

A Insert channels before placing pan in grill bottom
B Rotate grate support wires up and insert into holes on charcoal pan

C Place warming rack in upper position on the wire grate supports and the tray onto channels in grill bottom.

D Rotate warming rack leg wire to back of grill bottom

11 **Items to Assemble:**
1 Grease Clip
1 Tank Wire Support Bracket

Tank Sold Separately. Use Only With Tank Equipped With Overfill Protection Device.

•Hang grease clip from center of grill bottom.
•Use an empty soup can (not included) to hang from grease clip.

CAUTION
• Failure to install can in clip will cause hot grease to drip from bottom of grill with risk of fire or property damage.

LP tank is sold separately. Fill and leak check before attaching to grill and regulator.
See Use and Care to perform the "Burner Flame Check" and important safety instructions before using.

CAUTION
Tank color opening must face to front of cart once tank is attached.
Failure to install tank correctly may allow gas hose to be damaged in operation, resulting in the risk of fire.
