----- Manual continues below -----

NOTE: The pleated material and rubber gasket should be facing towards the unit when applied.

Filter Life - The filter has been designed to never need replacement, however, it does need servicing. We recommend that under normal conditions of continuous use, the filters should be cleaned at least every 3 months to help maintain optimal performance. Should the filter become damaged during cleaning replacements are available by calling 1-800-253-2764.

14. The filter reminder dial should be set ahead 3-6 months depending on usage.

TROUBLESHOOTING

Problem	Solution
Unit will not operate	<ul style="list-style-type: none"> • Check to make sure the unit is plugged in. • Check to make sure the unit is on by turning the speed control knob to the desired speed setting.
Decreased airflow	<ul style="list-style-type: none"> • If the filter has not been cleaned in six months or more, clean the PERMAtech™ filter. • Check the filters to make sure they are in good condition. • Check to ensure nothing is blocking rear air inlet grill and filtered outlet grill.

3. Should your air cleaner require service, please call 1-800-253-2764 in North America for further assistance. A return authorization will be given when you call.

⚠️ AIR CLEANER SAFETY

PLEASE READ AND SAVE THESE IMPORTANT SAFETY INSTRUCTIONS

IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons, including the following:

- Read all instructions before using the appliance.
- To avoid fire or shock hazard, plug the appliance directly into a 120V AC electrical outlet.
- If the filter is covered by a bag when shipped, remove plastic bag before use.
- Keep the cord out of heavy traffic areas. To avoid fire hazard, NEVER put the cord under rugs, near heat registers, radiators, stoves, or heaters.
- To protect against electrical hazards, DO NOT immerse in water or other liquids. Do not use near water.
- Close supervision is necessary when any appliance is used by or near children, or disabled persons.
- Always unplug the air cleaner before moving it, opening the grill, changing the filters, cleaning, or whenever the air cleaner is not in use. Be sure to pull by the plug and not the cord.
- NEVER drop or insert any object into any openings.
- DO NOT operate any appliance with a damaged cord or plug, if motor fan fails to rotate, after the appliance malfunctions, or if it has been dropped or damaged in any manner. Return appliance to manufacturer for examination, electrical or mechanical adjustment, or repair.
- Use appliance only for intended household use as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons. The use of attachments not recommended or sold by JCS/THG, LLC may cause hazards.
- DO NOT use outdoors.
- NEVER block the air openings, grills/outlets or place on a soft surface such as a bed or sofa, as this could cause the unit to tip over, blocking the air intake opening/grill.

- Keep unit away from heated surfaces and open flames.
- DO NOT attempt to repair or adjust any electrical or mechanical functions on this unit. Doing so will void your warranty. The inside of the unit contains no user-serviceable parts. All servicing should be performed by qualified personnel only.
- **WARNING:** To reduce the risk of fire or electric shock, DO NOT use this air cleaner with any solid-state dimmer control device.
- DO NOT place anything on top of unit.

PLEASE READ AND SAVE THESE IMPORTANT SAFETY INSTRUCTIONS

CONSUMER SAFETY INFORMATION

THIS PRODUCT IS EQUIPPED WITH A POLARIZED AC (Alternating Current) PLUG having one blade wider than the other. This plug will fit into a power outlet only one way.

If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact qualified personnel to install a proper outlet.

DO NOT DEFEAT THE SAFETY PURPOSE OF THE POLARIZED PLUG IN ANY WAY.

CORD AND PLUG INSTALLATION SAFETY INSTRUCTIONS

The length of cord used on this appliance was selected to reduce the hazards of becoming tangled in, or tripped over by a longer cord. If a longer cord is necessary, an appropriate extension cord may be used. The electrical rating of the extension cord must be equal to or greater than the rating of the air cleaner. Care must be taken to arrange the extension cord so that it will not drape over the counter or tabletop where it can be pulled on by children or accidentally tripped over.

Thank you for choosing a Bionaire® air cleaner. To ensure the best performance from your air cleaner, please read and save the following instructions.
