BROAN®

QTR SERIES

FAN / LIGHT / NIGHT LIGHT

READ AND SAVE THESE

WARNING

TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY TO PERSONS, OBSERVE THE FOLLOWING:

1. Use this unit only in the manner intended by the manufacturer. If you have questions, contact the manufacturer at the address or telephone number listed in the warranty.
2. Before servicing or cleaning unit, switch power off at service panel and lock the service disconnecting means to prevent power from being switched on accidentally. When the service disconnecting means cannot be locked, securely fasten a prominent warning device, such as a tag, to the service panel.
3. Installation work and electrical wiring must be done by a qualified person(s) in accordance with all applicable codes and standards, including fire-rated construction codes and standards.
4. Sufficient air is needed for proper combustion and exhausting of gases through the flue (chimney) of fuel burning equipment to prevent backdrafting. Follow the heating equipment manufacturer's guideline and safety standards such as those published by the National Fire Protection Association (NFPA), and the American Society for Heating, Refrigeration and Air Conditioning Engineers (ASHRAE).

TYPICAL INSTALLATIONS

Housing mounted to I-joists.
Use I-joist spacer block (provided).

INSTALL HOUSING & DUCT

1. Bend housing tabs.

Use a pliers to bend housing **TABS** out to 90°.

2. Mount housing to joist.

Hold housing in place so that the housing tabs contact the bottom of the joist. The housing mounts with four (4) screws or nails. Screw or nail housing to joist through lowest holes in each mounting flange, then through highest holes. **NOTE:** Mounting to **I-JOIST** (shown) requires use of **SPACERS** (included) between the highest hole of each mounting flange and the I-joist.

- 8. Push grille against ceiling.**

- 9. Remove light lens.**

Carefully insert a small flat-blade screwdriver between grille and lens. Pry lens out.

- 10. Install light bulbs.**

Purchase an incandescent bulb - 100W Max.

Purchase a 4W incandescent night light bulb.

Insert bulbs into their sockets. Replace lens.
