IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electrical injury to persons, including the following:

1. Read all instructions.
2. To protect against risk of electrical shock, do not put can opener body, cord, or plug in water or other liquid.
3. Close supervision is necessary when any appliance is used by or near children.
4. Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning.
5. Avoid contacting moving parts.
6. Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or is dropped or damaged in any manner. Call our toll-free customer service number for information on examination, repair, or electrical or mechanical adjustment.
7. The use of attachments not recommended or approved by the appliance manufacturer may cause fire, electrical injury, or death.
8. Do not use outdoors.
9. Do not let cord hang over edge of table or counter, or over hot surfaces including the stove.
10. Do not open pressurized (aerosol-type) cans.
11. Do not open cans of flammable liquids such as paint, oil, or gasoline.

SAVE THESE INSTRUCTIONS!

OTHER CONSUMER SAFETY INFORMATION

This appliance is intended for household use only.

WARNING! Shock Hazard: This appliance has a polarized plug (one wide blade) that reduces the risk of electric shock. The plug fits only one way into a polarized outlet. Do not defeat the safety purpose of the plug by modifying the plug in any way or using an adaptor. If the plug does not fit, reverse the plug. If it still does not fit, have an electrician replace the outlet.

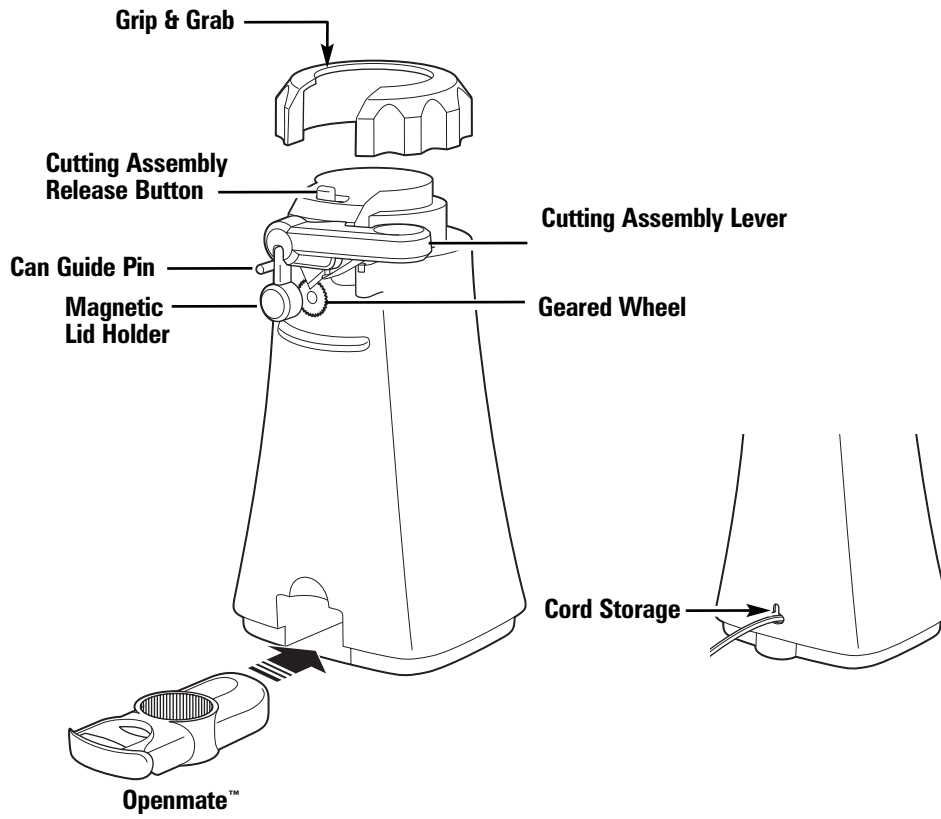

The length of the cord used on this appliance will help to reduce the hazards of becoming tangled in, or tripped over, a longer cord. If a longer cord is necessary, an approved extension cord may be used. The electrical rating of the extension cord must be equal to or greater than the rating of the appliance. Care must be taken to arrange the extension cord so it does not drape over the countertop or tabletop where it could be stepped on by children or accidentally tripped over.

WARNING! To reduce the risk of personal injury, keep loose clothing away from lid opener and other moving parts of the can opener while using.
