## IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons, including the following:

1. Read all instructions.
2. Do not touch hot surfaces. Use handles or knobs. Care must be taken, as burns can occur from touching hot parts or from spilled, hot liquid.
3. To protect against electric shock, do not place cord, plug, or BrewStation® in water or other liquid.
4. Close supervision is necessary when any appliance is used by or near children.
5. Unplug from outlet when either the BrewStation® or clock is not in use and before cleaning. Allow to cool before putting on or taking off parts and before cleaning the appliance.
6. Scalding may occur if the lid is lifted during the brewing cycle. Do not open lid until coffeemaker has cooled completely.
7. BrewStation® must be operated on a flat surface away from the edge of counter to prevent accidental tipping.
8. Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or is dropped or damaged in any manner. Call our toll-free customer service number for information on examination, repair, or adjustment.
9. The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
10. Do not use outdoors.
11. Do not let cord hang over edge of table or counter or touch hot surfaces, including stove.
12. The coffee tank is designed for use with this BrewStation®. It must never be used on a range top or in a microwave oven.
13. Do not place BrewStation® on or near a hot gas or electric burner or in a heated oven.
14. To disconnect BrewStation®, turn controls to OFF , then remove plug from wall outlet.
15. **WARNING!** To reduce the risk of fire or electric shock, do not remove the bottom cover. No user-serviceable parts are inside. Repair should be done by authorized service personnel only.
16. Do not use appliance for other than intended use.

## SAVE THESE INSTRUCTIONS!

## IMPORTANT

Never use coffee tank to pour hot coffee or carry hot coffee.  
Handle coffee tank when it holds only cold water.

### Additional Information

- If overflow occurs: Let unit, coffee, and grounds cool completely before attempting any cleanup.
- Use only brand-name, high-quality filters.
- Use only 3/4 tablespoon of ground coffee for each cup of water.
- Use coffeemaker cleaner to prevent hard water deposits that affect coffeemaker performance. Clean monthly.
- Do not clean coffee tank in dishwasher.
- Read instructions before using.

### OTHER CONSUMER SAFETY INFORMATION

**This appliance is intended for household use only.**

**WARNING!** Shock Hazard: This appliance has a polarized plug (one wide blade) that reduces the risk of electric shock. The plug fits only one way into a polarized outlet. Do not defeat the safety purpose of the plug by modifying the plug in any way or by using an adapter. If the plug does not fit, reverse the plug. If it still does not fit, have an electrician replace the outlet.

The length of the cord used on this appliance was selected to reduce the hazards of becoming tangled in, or tripping over a longer cord. If a longer cord is necessary an approved extension cord may be used. The electrical rating of the extension cord must be equal to or greater than the rating of the BrewStation®. Care must be taken to arrange the extension cord so that it will not drape over the countertop or tabletop where it can be pulled on by children or accidentally tripped over.

To avoid an electrical circuit overload, do not use another high-wattage appliance on the same circuit with your BrewStation®.

# How to Make Coffee

**Before first use:** Wash coffee tank, filter basket, and drip tray in hot, soapy water. NEVER put the coffee tank in dishwasher.

BrewStation® can be programmed to automatically shut off in 0 (for Iced Coffee), 1, 2, 3, or 4 hours as desired. Default is 2 hours for automatic shutoff.

**⚠ WARNING Burn Hazard.**

- Never use coffee tank to pour or carry hot coffee.
- Handle coffee tank only when holding cold water for filling water reservoir and to clean tank after BrewStation® has been shut off and the coffee is cool.
- If BrewStation® overflows, unplug unit. Allow unit, coffee, and grounds to cool before cleaning unit, coffee, or grounds.

*\*Coffee scoop is optional feature on select models.*

Normal Amount of Coffee Per Cup 1 scoop* or 3/4 tablespoon per cup		
Maximum Amount of Automatic Drip Coffee to Use in BrewStation®		
Coffee	Scoop	Tablespoons
Regular	13	11
Decaf	11	9

Your unit may be equipped with a plastic filter basket or a permanent gold-tone filter basket.

**Permanent Gold-Tone Filter**

Your unit may be equipped with either a plastic filter basket or a permanent gold-tone filter. The permanent gold-tone filter may be used with disposable paper filters or take the place of disposable paper filters. Always use a paper filter with the plastic filter basket.

Rinse in hot water before first use. Then simply place in the filter basket. Clean under hot, running water and let dry, or place on top rack of dishwasher.

Your unit may be equipped with either a plastic filter basket or a permanent gold-tone filter basket. Avoid getting coffee grounds in any other areas of the BrewStation®.

## Cleaning with Vinegar

All coffeemakers should be cleaned at least once a month (once a week for areas with hard water).

**1** Remove optional water filter.

**2** Pour 1 pint (2 cups/500 ml) vinegar into water reservoir.

**3** Press ON (⓪). Turn OFF (⓪) after 20 seconds and wait 30 minutes. Press ON (⓪). Turn OFF (⓪) when finished.

**4** When cool, dispense several cups before emptying and rinsing reservoir.

**5** Run 2–3 more brew cycles with CLEAN WATER only. Allow to cool between cycles.

DISHWASHER-SAFE  
(top rack)

# Troubleshooting

PROBLEM	PROBABLE CAUSE
Coffee leaks from dispenser. ✦ appears on clock. ☕ appears on clock.	<ul style="list-style-type: none"> <li>• Coffee grounds trapped in coffee tank dispensing mechanism under seal in coffee tank. See <i>Cleaning with Vinegar</i>.</li> <li>• This is a reminder to clean every 30 cycles. It will disappear after 2 cycles.</li> <li>• Change optional water filter. It will disappear after 2 cycles.</li> </ul>
Coffee tastes bad.	<ul style="list-style-type: none"> <li>• Coffeemaker needs cleaning.</li> <li>• Coffee ground too coarsely or too finely. Set coffee grinder to automatic drip grind.</li> <li>• Coffee-to-water ratio unbalanced. Adjust for personal preference.</li> <li>• Poor water quality. Use water filter or bottled water to make coffee.</li> </ul>
Coffee not brewing/coffee stops brewing/unit will not turn on.	<ul style="list-style-type: none"> <li>• Mineral deposits have built up. Clean the coffeemaker following <i>Cleaning with Vinegar</i>.</li> <li>• Water reservoir is empty.</li> <li>• Unit is unplugged.</li> <li>• Power outage.</li> <li>• Power surge. Unplug; then plug the unit back in.</li> </ul>
Coffee brews slowly.	<ul style="list-style-type: none"> <li>• <b>Coffeemaker needs cleaning.</b> Clean the coffeemaker at least every 30 days to maintain proper performance.</li> <li>• Coffeemaker is in the <b>1–4 Cups</b> or <b>Flavor+</b> modes. Press Brew Options until no lights appear.</li> </ul>
Coffee overflows basket.	<ul style="list-style-type: none"> <li>• Excessive amounts of coffee grounds. See Table on page 5.</li> <li>• Coffee ground too finely. Set coffee grinder to automatic drip grind.</li> <li>• More than one paper filter in filter basket.</li> <li>• Poor quality paper filter or wrong size paper filter.</li> <li>• Coffee is decaffeinated blend. Use <b>1–4 Cups</b> Brew Option when brewing with decaffeinated coffee.</li> </ul>

## *Limited Warranty*

This warranty applies to products purchased in the U.S. and Canada. This is the only express warranty for this product and is in lieu of any other warranty or condition.

This product is warranted to be free from defects in material and workmanship for a period of one (1) year from the date of original purchase. During this period, your exclusive remedy is repair or replacement of this product or any component found to be defective, at our option; however, you are responsible for all costs associated with returning the product to us and our returning a product or component under this warranty to you. If the product or component is no longer available, we will replace with a similar one of equal or greater value.

This warranty does not cover glass, filters, wear from normal use, use not in conformity with the printed directions, or damage to the product resulting from accident, alteration, abuse, or misuse. This warranty extends only to the original consumer purchaser or gift recipient. Keep the original sales receipt, as proof of purchase is required to make a warranty claim. This warranty is void if the product is used for other than single-family household use.

We exclude all claims for special, incidental, and consequential damages caused by breach of express or implied warranty. All liability is limited to the amount of the purchase price. **Every implied warranty, including any statutory warranty or condition of merchantability or fitness for a particular purpose, is disclaimed except to the extent prohibited by law, in which case such warranty or condition is limited to the duration of this written warranty.** This warranty gives you specific legal rights. You may have other legal rights that vary depending on where you live. Some states or provinces do not allow limitations on implied warranties or special, incidental, or consequential damages, so the foregoing limitations may not apply to you.

To make a warranty claim, do not return this appliance to the store. Please call 1.800.851.8900 in the U.S. or 1.800.267.2826 in Canada or visit [hamiltonbeach.com](http://hamiltonbeach.com) in the U.S. or [hamiltonbeach.ca](http://hamiltonbeach.ca) in Canada. For faster service, locate the model, type, and series numbers on your appliance.
