E Series Built-In Double Ovens

Wolf E series built-in ovens are offered in two different door styles—framed and unframed. The E series built-in design allows the front of the oven to be installed flush with surrounding cabinetry for a more integrated look or used in the standard application, where the oven trim will overlap the cabinet face. With the dual convection fans, E series ovens offer ten different cooking modes.

Model DO30-2U/S-TH shown.

FEATURES

- Framed and unframed door styles in stainless steel finish.
- Dual convection logic control system—lower oven is non-convection.
- Ten cooking modes in upper oven—bake, roast, broil, convection bake, convection roast, convection broil, convection, bake stone (accessory required), dehydrate (accessory required) and proof.
- Four cooking modes in lower oven—bake, roast, broil and proof.
- Touch control panel with LCD display.
- Cobalt blue porcelain oven interiors.
- Six-level rack guides with three adjustable oven racks; one full-extension easy glide, one full-extension door glide and one standard in each oven.
- Large viewing double-pane windows.
- Dual interior halogen lighting.
- Hidden bake element and recessed broil element in each oven.
- Temperature probe and receptacle in upper oven.
- Self-clean, delayed start and Sabbath features in each oven.
- Balanced door hinges assure smooth opening and closing of the doors.

Shipping Weight	466 lbs

INSTALLATION NOTES

Wolf E series built-in ovens may be used in a standard installation, where the face trim overlaps stiles and rails, or in a flush inset installation with the front of the oven flush with surrounding cabinetry.

Complete installation specifications can be found on our website, wolfappliance.com.

INSTALLATION SPECIFICATIONS

Standard Installation

IMPORTANT NOTE: Unless you are using cabinets deeper than 24" (610) for a standard installation or 25" (635) for a flush inset installation, it is recommended that the electrical supply be placed in an adjacent cabinet within reach of the conduit. Choose the location shown in the illustrations that best suits your installation.

SIDE VIEW

FRONT VIEW

*Dimension must accommodate height of oven trim.

NOTE: Location of electrical supply within opening may require additional cabinet depth. Dashed line represents profile of unit.

Flush Inset Installation

Dimensions in parentheses are in millimeters unless otherwise specified.

SIDE VIEW

FRONT VIEW

*Platform must support 400 lbs (181 kg).

NOTE: Location of electrical supply within opening may require additional cabinet depth. Dashed line represents profile of unit.
