WAR

Sunbeam Products, Inc. doing business as Jarden Consumer Products, Limited doing business as Jarden Consumer Products, Inc. (JCS) warrants that on the date of purchase, this product will be free from defects in materials or workmanship. JCS will replace this product or any component that is defective in materials or workmanship with a new or remanufactured product. This warranty is valid for the original purchaser only. Keep the original sales receipt. Product centers, or retail stores selling JCS products, may be authorized to honor the conditions of this warranty.

This warranty does not cover normal wear and tear, misuse of the product, use on improper surfaces, or alteration by anyone other than JCS. This warranty is void where prohibited by law of God, such as fire, flood, hurricane, etc.

What are the limits on JCS's Liability?

JCS shall not be liable for any incidental or consequential damages, or for any statutory warranty or condition.

Except to the extent prohibited by applicable law, the remedy provided for in this particular purpose is limited in duration.

JCS disclaims all other warranties, conditions, or limitations on the product.

JCS shall not be liable for any damage to property or personal injury resulting from the use of the product including incidental, special, consequential, or otherwise, or for any other damages.

Some provinces, states or jurisdictions may have limitations on how long an implied warranty can last.

This warranty gives you specific legal rights. You may have other rights that vary from state to state or jurisdiction to jurisdiction.

In Canada

If you have any question regarding your product, please call 1-800-546-5637 and a convenient sales representative will assist you.

IMPORTANT SAFEGUARDS

SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons. These precautions include:

1. Read all instructions before using the appliance.
2. To avoid fire or shock hazard, plug the appliance directly into a 120V AC electrical outlet.
3. If the filter is covered by a bag when shipped, remove plastic bag before use.
4. Keep the cord out of heavy traffic areas. To avoid fire hazard, NEVER put the cord under rugs, near heat registers, radiators, stoves, or heaters.
5. To protect against electrical hazards, DO NOT immerse in water or other liquids. Do not use near water.
6. Close supervision is necessary when any appliance is used by or near children, or disabled persons.
7. Always unplug the air purifier before moving or cleaning the unit, opening the grill, changing the filters and whenever the unit is not in use. To disconnect the unit, be sure to pull the plug and not the cord.
8. NEVER drop or insert any objects into the openings of the unit.
9. Do not operate any appliance with a damaged cord or plug. If the motor fan fails to operate or the unit has been dropped or damaged in any manner, return appliance to manufacturer for examination and/or repair.
10. Use appliance only for intended household use as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons. The use of attachments not recommended or sold by the manufacturer may cause hazards.
11. DO NOT use outdoors.
12. NEVER place on a soft surface such as a bed or sofa as this could cause the unit to tip over and block the air inlet or outlet grills.
13. Keep unit away from heated surfaces and open flames.
14. DO NOT attempt to repair or adjust any electrical or mechanical functions on this unit. Doing so will void your warranty. The inside of the unit contains no user serviceable parts. All servicing should be performed by Jarden Consumer Solutions or an authorized Jarden Consumer Solutions Center.
15. DO NOT place anything on top of unit.

16. NEVER use detergents, gasoline, glass cleaner, furniture polish, paint thinner, or other household solvents to clean any part of the appliance.
17. Always turn the appliance off before unplugging it.
18. This appliance should only be used in a room with temperatures between 40° F and 110° F.
19. **WARNING:** To reduce the risk of fire or electric shock, DO NOT use this air purifier with any solid-state speed control device.

PLEASE SAVE THESE IMPORTANT SAFETY INSTRUCTIONS

PLUG SAFETY

CAUTION: To reduce the risk of electric shock, **THIS PRODUCT HAS A POLARIZED PLUG** (one blade is wider than the other).

This plug will fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact qualified electrician to install the proper outlet. **DO NOT ALTER THE PLUG IN ANY WAY.**

CORD SAFETY

- The length of cord used on this appliance was selected to reduce tangling or tripping hazards.
- If a longer cord is necessary, an approved extension cord may be used. The electrical rating of the extension cord must be equal to or greater than the electrical rating of the air purifier (see rating label marked on product).
- Care must be taken to arrange the extension cord so that it will not drape over the countertop or tabletop where it can be pulled on by children or accidentally tripped over.

GET TO KNOW YOUR AIR

Your true HEPA air cleaner removes up to 99.97% of airborne particles, including allergens as small as 0.3 microns, including grass pollen, tree pollen, household dust, mold spores, pet dander and smoke through the filter.

FEATURES

Dual Position

The air purifier can stand upright or be placed on a surface. Designed to fit with its back flush air outlet, positioning the unit, please be sure the air inlet and air outlet are not blocked to ensure proper airflow.

Filter Window

On the front grill, there is a small window that will enable you to see your carbon filter at a glance. As it picks up dust and debris, the window will turn to gray indicating the filter is dirty and you may need to change it.

HEPA Filter Indicator

When the HEPA filter is approaching the end of its life, the indicator light will turn red. When the light is flashing, it is time to change the HEPA filter.

Carbon Filter Indicator

When the carbon filter indicator light turns on, it is time to change the carbon filter.

Energy Star Rated

This product earned the ENERGY STAR energy efficiency guidelines set by the U.S. Environmental Protection Agency. It does not endorse any manufacturer claims. The ENERGY STAR qualified model is measured by the model's CADR for Dust and Odors, not by its energy consumption, or CADR/Watt.

Timer

The timer allows you to run your air purifier on a set schedule for convenience, for up to 16 hours. To set the timer, press the timer mode, at the control panel on the air purifier, and select a speed.
