

Fire Magic

The Ultimate Barbecue

*Let's
get grilling!*

Fire Magic

The Ultimate Barbecue

This year marks an extraordinary leap in new design and performance of Fire Magic barbecues. As the leader in top of the line grills for decades, we have made significant improvements and added desirable features that will elate outdoor chefs.

We are always innovating because we love to grill. Last year we introduced the Monarch Series and now the Monarch Magnum further enhances the dozens of Fire Magic choices of styles, sizes, and cooking power.

The following pages reflect the most handsome, most commercial quality...frankly, the best grills money can buy. See for yourself why these are The Ultimate Barbecues!

It's so easy to select the desired size, power and options!

Grill Style	Cooking Area in sq. inches	BTUs	Rotisserie BTUs

Monarch Magnum

Monarch Magnum Built-In
Model # 8B-SEE1N-A

Premium Features Exclusive to Monarch Magnum

- A newly designed body style with a seamless face, polished, rounded corners & convenient handles on shelves, even a built-in paper towel holder
- Heat zone separators: Now steaks can be seared while vegetables cook on the same grill at a lower temperature
- Hot surface electronic ignition, which lights in any weather operated by bright nickel push buttons
- Barbecue cart has two 110V plug-in electrical outlets with 12V transformer (built-in requires hard wire, cart requires extension cord.)
- Dual internal halogen lamps in hood for easier evening grilling
- Manual lighting tubes for match lighting
- "Built-in" L.C.D. digital meat & grill thermometer with remote receiver (which allows you to check the temperature of your meats from inside the house)
- Double-wall teardrop-style seamless hood integrated into the barbecue body
- Water tight wood chip smoker drawer with dedicated burner
- New cast stainless steel "E" burners
- Recessed rotisserie backburner with ball-bearing roller supports
- Storage rack/location for rotisserie spit rod on back of barbecue
- Rain-resistant construction
- Stainless steel valve manifold

PORTABLES

- Sliding Propane cylinder tray (on Propane models)
- Heavy-duty swivel wheels
- Fold down shelf
- 10' gas hose included for Natural gas
- High capacity hose for Propane gas
- Flush-mounted sideburner with removable lid
- Paper towel holder

- 792 square inches of cooking surface (22" x 36")
- Three cast stainless steel double burners provide 97,000 BTUs of cooking performance
- Equipped with 26,000 BTU stainless steel recessed Rotisserie Backburner for a combined total of 123,000 BTUs
- Includes super heavy-duty Rotisserie Kit with high torque motor, extra heavy-duty $\frac{5}{8}$ " stainless steel spit rod, spit forks and a counter balance
- Optional infrared burner, adds to cooking flexibility

For built-ins:

- Brick opening — 38" wide x 23 $\frac{3}{4}$ " deep x 12" high

Infrared Series

Hot and Fast!

Whether cooking on an all infrared barbecue or creating an infrared cooking zone on a traditional barbecue, Fire Magic offers the best and latest technology in infrared outdoor cooking.

The **Custom I Infrared Barbecue** offers 432 square inches of grilling space with two 21,000 BTU infrared burner systems. Also available is an optional 18,000 BTU Rotisserie Backburner and a 15,000 BTU Sideburner.

The **Deluxe Infrared Barbecue** has 368 square inches of grilling space powered by a 28,000 BTU infrared burner system.

The **Fire Magic Infrared Burner** provides quick, high temperatures up to 1400°F! These high temperatures are best for searing steaks to achieve that tender juicy taste that grillers seek.

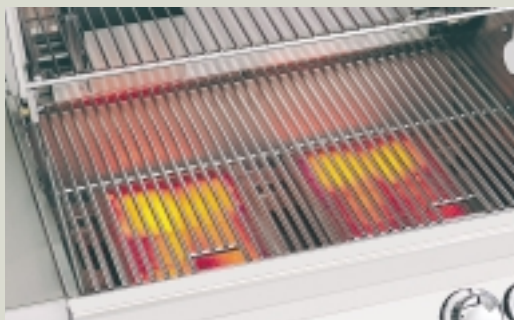

*Custom I
Infrared Burner
Model # 22-S2A1P-62*

*Deluxe
Infrared Burner
Model # 21-S1A1P-26*

Retrofit Any Fire Magic Grill

The Infrared Burner accessory can be installed on any model Fire Magic Barbecue (from the Custom I to the Elite 50), creating an infrared cooking zone. This allows both infrared and traditional barbecue grilling on the same Fire Magic Barbecue. Add more than one Infrared Burner and increase the cooking zone, or turn the barbecue into a dedicated infrared cooker with all infrared burners!

Also, there is no need to sacrifice grill space to enjoy infrared cooking. With 286 square inches of grilling space and 24,400 BTU burner system, the **Inferno Grill Sideburner** is the latest adaptation of infrared technology by the Robert H. Peterson Co. This sideburner complements your Fire Magic barbecue while offering additional versatility and outdoor grilling capabilities.

*Custom I Infrared Burner

DOUBLE SIDEBURNER

A versatile cooking accessory, the Double Sideburner is a "must have" option for outdoor chefs who enjoy preparing multi-course meals on the grill. Enjoy the same precise flame control as the grill offers. Simmer water on one burner and prepare sauces on the other, both at the same time. It features:

- Two 15,000 BTU solid brass sealed burners
- Electronic ignition
- Separate controls for each burner
- Angled Gourmet face
- All stainless steel design
- Stainless steel cover
- For Natural or Propane gas
- Brick opening — 23 3/4" deep (front to back) x 12 1/2" wide x 12" high

With stainless steel face	Model # 3281
With black porcelain face	Model # 3276

(Add "P" to the model number for propane gas)

SINGLE SIDEBURNER DROP-IN & SLIDE-IN

The Fire Magic Sideburner is built for years of service. It features:

- A 15,000 BTU solid brass sealed burner
- A precise temperature control valve
- Electronic Ignition System
- Stainless steel or black porcelain cover
- Brick opening for Drop-In —
14 1/4" deep (front to back) x 8 3/4" wide x 4" high

The Advantages of

Fire Magic

The Ultimate Barbecue

INFRARED CONVECTION BACKBURNER

A perforated radiant surface made of Type 18SR stainless steel provides fast, thorough rotisserie cooking. It withstands repeated red hot temperatures, is not susceptible to breakage or clogging, and is self-cleaning.

HOOD DESIGN AND CONSTRUCTION

This hood creates a natural convection effect, cooking the food evenly, providing the utmost in versatility. Large internal clearances allow you to cook more food and rotisserie cook larger items up to 15" diameter. Design features seamless construction with polished edges.

EVEN HEAT DISTRIBUTION

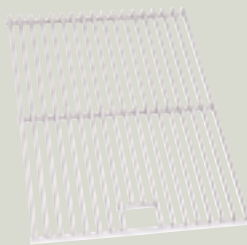

Unique burner design combined with burner placement, flavor grids, spacious firebox height, hood design and internal size provide **an even heat distribution system.**

EXCLUSIVE FLAVOR GRID OPTIMIZES HEAT DISTRIBUTION

Uniquely angled, perforated, solid-edged, **16 gauge, all stainless steel Flavor Grids** radiate the burner's heat evenly throughout and across the entire surface.

HEAVY-DUTY STAINLESS STEEL COOKING GRIDS

Textured, stick resistant, stainless steel cooking grids are made of heavy-duty $\frac{5}{16}$ " diameter rods. They are backed by heavy-duty cross rods to cover **over 50% of the cooking space**, perfect coverage for all types of food.

USER-FRIENDLY FACE DESIGNED FOR BEAUTY, SAFETY & CONVENIENCE

- 41° angled ergonomically designed, user-friendly control panel
- Removable reflective face trim
- Reliable electronic spark ignition system
- Comfort-touch control knobs
- Light/Hi/Med-Hi/Med/Lo/Lo positions

MOST SPACIOUS FIREBOX

A full 12" deep firebox top-to-bottom provides the space to properly position burners, heat distribution system, and cooking grids for the best heat diffusion with minimal flare-ups. This space permits the biggest and best in rotisserie cooking.

THE FINEST ELECTRONIC SPARK IGNITION SYSTEM

State-of-the-art, extra heavy-duty battery operated.

PRECISION COMFORT-TOUCH CONTROL KNOBS

The widest temperature range and the best cooking control. From an adjustable low, so low that you can bake a cake... to a high, so high (1000°F) that you can sear a steak!

HEAVY-DUTY CAST STAINLESS STEEL BURNERS

These burner walls are **4-5 times thicker** than any other stainless steel burners and **warranted for life!** Burner and Air Shutter are specially machined for precision adjustment of Air/Gas mixture.

The Most Generous Warranty in the Industry!

FIRE MAGIC® OUTDOOR GAS BARBECUES WARRANTY

LIFETIME WARRANTY

Fire Magic Cast Stainless Steel Burners, Stainless Steel Rod Cooking Grids, and Stainless Steel Housings (including liners, frames, carts, hoods, and barbecue faces) are warranted for **as long as you own your Fire Magic Barbecue.**

FIFTEEN (15) YEAR WARRANTY

Fire Magic Brass Burners, Brass Valves, Backburner Assemblies (except ignition systems), Manifold Assemblies, and Porcelain Hoods and Faces are warranted for **fifteen (15) years.**

THREE (3) YEAR WARRANTY

Fire Magic Sideburners and all other Fire Magic Barbecue components (except ignition systems) are warranted for **three (3) years.**

Fire Magic ignition systems and barbecue accessories are warranted for **one year.**

For additional information regarding this warranty, contact your authorized Fire Magic dealer or the Robert H. Peterson Co.
