## FIND YOUR HAPPY (fire)PLACE.

Throughout the ages, people have gathered around fires to share in life's greatest moments.

There's just something about the glow of flickering flames that makes special moments even more special.

A Napoleon fireplace is uniquely designed to brighten the vibe of any room. With an incredible range of designer options to fit any vision.

A fire not only raises the warmth and ambiance of a room, it can raise the value of your home. A fireplace offers some of the highest returns of any remodeling project. And that should be a fire you can't live without.

And so you can keep enjoying that positive glow for years and years and years. Your Napoleon fireplace is backed by the President's Limited Lifetime Warranty.

Napoleon's Hot Spots Research Study delivers insights on how to create a relaxing atmosphere in your home. In particular, how to help you add relaxation, social interaction, and style to rooms to enhance your memorable moments.

Throughout this brochure we will share some of our findings.

Consult your owner's manual for complete installation instructions and proper clearances to combustible materials. Check all local and national building codes and gas regulations. All specifications are subject to change without prior notice due to on-going product improvements. Products may not be exactly as shown. Flame height and activity is influenced by varying vent configurations and may not appear as shown. Napoleon is a registered trademark of Wolf Steel Group Inc. EnerGuide - A Canadian efficiency standard based on frequent, short start-up and cool-down cycles. All appliances sold in Canada are subject to this EnerGuide rating system. AFUE- A US efficiency standard (Department of Energy) based on extended on/off cycles, more typical of fireplace usage. Steady State - Reflects the highest possible overall heating efficiency.
