[napoleonfireplaces.com](http://napoleonfireplaces.com)

# Find your happy (fire)place.

Throughout the ages, people have gathered around fires to share in life's greatest joys. There's just something about the glow of flickering flames that makes special moments feel even warmer.

A Napoleon fireplace is uniquely designed to brighten the vibe of any room in your house. Napoleon has an incredible range of designer options to fit any vision.

A fire not only raises the warmth and ambiance of a room, it can raise the value of your home. A fireplace offers some of the highest returns of any remodeling project. And that should make you feel good all over.

And so you can keep enjoying that positive glow for years and years and years, every Napoleon fireplace is backed by an exclusive warranty program.

# CLEARion™ 50 See Thru

The CLEARion™ See Thru Electric Fireplace is the first ever truly see through electric fireplace. The CLEARion™ can be plugged in or hardwired directly into your electrical system creating a relaxing environment in two rooms. This unique fireplace can heat separate rooms at different rates, increasing the comfort of two spaces at the same time. Customize this fireplace with either a sparkling crystal media ember bed or the hand-painted South Beach Logs with Topaz Glass Embers; both sets are included. Illuminated from below by LED, color-changing lights, both ember bed styles glow with a luxurious feel that can be enjoyed from two rooms.

# Trivista™ Series

Napoleon's 3-sided electric fireplace series comes in both a 50" and a 60" width and boasts the highest heat output in its category. Showcase the fireplace with the Northern Woods log set or acrylic crystals or combine them both for an amazing display. Effortlessly control all the features using the remote control or the touch screen panel with motion proximity sensor. End panels come with the fireplace to allow you to install the 3-sided fireplace as a 2-sided or 1-sided depending on desired location for installation. Enjoy Napoleon's Trivista™ Series fireplaces year round with their ability to operate the luminous flames with or without heat.

# Alluravision™ Series

See the fireplace, not the frame with Napoleon's Alluravision™ Series linear electric fireplaces. They stand out from the rest with their nearly frameless viewing area which highlights the unique flame colors. Set the mood with yellow, orange, blue and multi-color flames with the push of a button. Easy to use, these fireplaces are plug and play - just hang on the wall and plug them in. Nine models, five sizes available, 42, 50, 60 and 74 inch slim and deep models as well as a 100" deep model. All models include a crystal media ember bed and remote control. The NIGHT LIGHT™ and driftwood logs with topaz glass embers make beautiful additions to the deep model. Napoleon's Alluravision™ Series linear electric fireplaces are about adding the fireplace, and not the frame to your favorite room.

# Allure™ Series

Making a statement with an Allure™ Series fireplace is easy. With six sizes to choose from, every Allure™ fireplace sparkles with a crystal ember bed and three color flame options; orange, blue or multi-color. Control the appearance as well as temperature and blower with the remote control. Any Allure™ series fireplace can simply be plugged in and hung on a wall for instant satisfaction. What makes these fireplaces special is the ability to be fully recessed into the wall thanks to the placement of front vents. The only difficulty now is deciding which one you want.

# Stylus™ Wallmount

The Stylus™ Wallmount is as much an elegant focal point as it is a functional source of heat for a room up to 400 sq. ft. Perfect for your modern decor or to take your current design to a transitional feel. The contemporary surround offers features such as a dual USB 2.0 charging port with smart LED color indication of charging status by changing from red to green when your mobile device has finished charging. The eye catching flames have four color settings as well as five brightness settings which when combined with the six color options of the ember bed create the ultimate in customization. Use the side shelf to put your favorite pieces on display with an accent light that offers color and brightness adjustments.

# Outstanding Features

of Napoleon's Advanced Technology

## Reliable LED Technology

Napoleon's electric fireplaces offers reliable LED technology for added convenience. LED lights are extremely energy efficient and long-lasting saving you the hassle of having to change out light bulbs. Plus LED lights are high intensity providing a product you can enjoy during both day and night time.

## No Glare Front with Invisible Screen

Napoleon's Allure™ Phantom Series contains a mesh front and matte surround which eliminates distracting reflections caused by a glass front. High intensity LED lights can be seen at night or during the day!

## Front Vent Heat

All Napoleon's Electric Fireplaces listed in this brochure have been designed with front vents, directing the heat to pump more efficiently into the space.

### ECO-FRIENDLY

Only heat the rooms you use most

### NON-REFLECTIVE BACKING

Allows for optimal flame viewing (not applicable for the Trivista™ or CLEARion™)

### FULL FEATURE REMOTE

Controls thermostat, heat settings, flame settings, timer, on/off and more

### SAVE UP TO 30% WITH NAPOLEON'S ZONE Heating

### CAN BE RECESSED

Partially or fully recess these electric fireplaces
