## PORTABLE GRIDDLE

MODEL: CGG-501

### ASSEMBLY AND OPERATING INSTRUCTIONS

#### **⚠ WARNING: FOR OUTDOOR USE ONLY**

- ⚠ This instruction manual contains important information necessary for the proper assembly and safe use of the appliance
- ⚠ Read and follow all warnings and instructions before assembling and using the appliance
- ⚠ Follow all warnings and instructions when using the appliance
- ⚠ Keep this manual for future reference

**Note to installer:** Leave this Owner's Manual with the consumer after delivery and/or installation.

**Note to customer:** Leave this Owner's Manual in a convenient place for future reference.

#### **⚠ DANGER**

1. Do not store or use gasoline or other flammable liquids or vapors in the vicinity of this or any other appliance.
2. An LP cylinder not connected for use shall not be stored in the vicinity of this or any other appliance.

#### **⚠ WARNING CALIFORNIA PROPOSITION 65**

1. Combustion by-products produced when using this product contain chemicals known to the State of California to cause cancer, birth defects, and other reproductive harm.
2. This product contains chemicals, including lead and lead compounds, known to the State of California to cause cancer, birth defects or other reproductive harm.

*Wash your hands after handling this product.*

#### **⚠ DANGER**

If you smell gas:

1. Shut off gas to the appliance.
2. Extinguish any open flame.
3. Open lid.
4. If odor continues, keep away from the appliance and immediately call your fire department.

#### **⚠ DANGER**

Failure to follow these instructions could result in fire, explosion or burn hazard, which could cause property damage, personal injury or death.

#### **⚠ DANGER**

1. Never operate this appliance unattended.
2. Never operate this appliance within 10 feet (3.05m) of any other gas cylinder.
3. Never operate this appliance with 25 feet (7.5m) of any flammable liquid.
4. If a fire should occur, keep away from the appliance and immediately call your fire department. Do not attempt to extinguish an oil or grease fire with water.
5. Heated liquids remain at scalding temperatures long after the cooking process. Never touch cooking appliance until liquids have cooled to 115°F (45°C) or less.

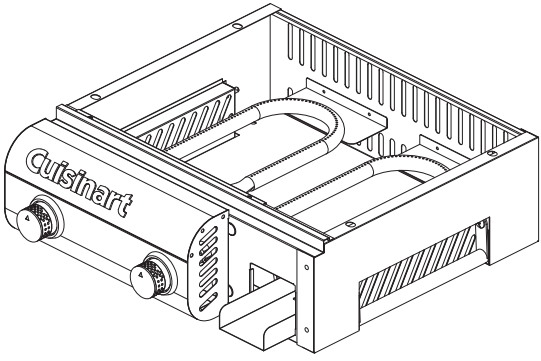

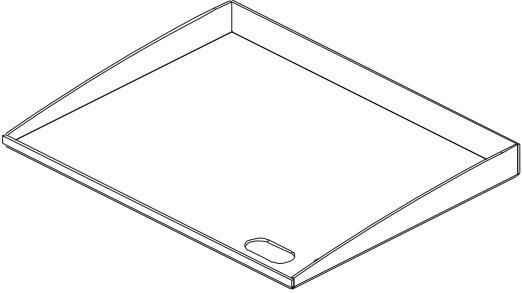

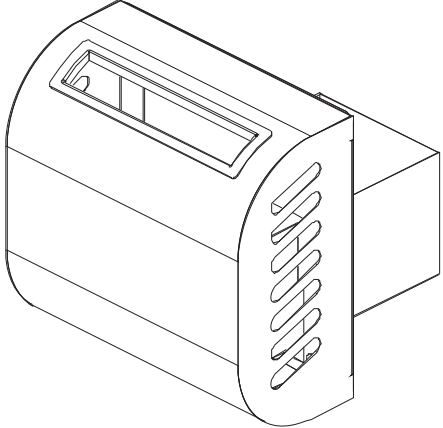

#### **⚠ DANGER**

Failure to follow these instructions could result in fire, explosion or burn hazard, which could cause property damage, personal injury or death.

## 2. Illustrated Parts List

Item	Part Name	Picture	Quantity
A	Griddle Body		1
B	Griddle Top		1
C	Drip Tray		1
D	Legs		4

## 4. Assembly Instructions

Remove all the contents from packaging, and ensure all parts are present before attempting to assemble. (See Parts List on page 4)

### Step 1:

Take the griddle top off the griddle body.

### Step 2:

Place the griddle body upside down. Install the four legs to the bottom of the griddle.

## 5. Operating Your Griddle

### 5.1 Select a Proper Location

Once you have assembled your new grill, find a suitable location for use.

Note: The use and installation of this product must conform to local codes. In absence of local codes, use the National Fuel Gas Code: ANSI Z223.1/NFPA54, Storage and Handling of Liquefied Petroleum Gases, ANSI.NFPA 58 or Natural Gas and Propane Installation Code, CSA B149.1; Propane Storage and Handling, CSA B149.2.

#### **⚠ DANGER**

1. Never use this outdoor grill inside any building, garage, shed or breezeway, or inside any boat, trailer or recreational vehicle and/or boat, to prevent possible fire and to prevent the possibility of carbon monoxide poisoning or asphyxiation.
2. Always place your grill on a hard and level surface far away from combustible materials and structures.
3. Do not use this grill under an overhead combustible surface or covered area ( e.g., awnings, umbrellas, porches or gazebos ). Keep all combustible surfaces at least 24" (61cm) away.
4. Locate the grill away from any combustible and non-combustible material or construction by at least 24 inches (61cm) from back and 24 inches (61cm) from side.(See the diagram below)
5. Never store or use gasoline or other flammable or volatile substances in the vicinity of this grill or in the vicinity of any other heat-generating appliance, because of the danger of starting a fire.
6. The cylinder be disconnected when the appliance is not in use.
7. Clean and inspect the hose before each use of the appliance.
8. Do not obstruct the flow of combustion and ventilation air.

### 5.2 Special Instructions for the Use of Regulator and Propane Cylinder

**GAS HOOK-UP:** Only the pressure regulator and hose assembly supplied with the grill should be used. Any replacement pressure regulator and hose assembly must be specified by the grill manufacturer. This grill is configured for Liquid Propane. Do not use a Natural Gas supply.

**LIQUID PROPANE CYLINDER REQUIREMENTS:** (20-lb Cylinder) A dented or rusty Liquid Propane cylinder may be hazardous and should be checked by your supplier. Never use a cylinder with a damaged valve. The Liquid Propane cylinder must be constructed and marked in accordance with the specifications for Liquid Propane cylinders by the United States Department of Transportation (DOT) or the National Standard of Canada, CAN/CSA-B339, Cylinders, Spheres and Tubes for Transportation of Dangerous Goods Commission. The 20-lb cylinder must have a shut off valve terminating in a valve outlet specified, as applicable, for connection type QCC1 in the standard for compressed gas cylinder valve outlet and inlet connection ANSI/CGA-V-1.

Storage of an outdoor cooking gas appliance indoor is permissible only if the cylinder is disconnected and removed from the outdoor cooking gas appliance. The cylinder system must be arranged for vapor withdrawal. The cylinder must include a collar to protect the cylinder valve. Manifold pressure: (operating) 11 inches water column (W.C.), (non-operating) 11.2 inches water column (W.C.). The Liquid Propane cylinder must be fitted with an Overfill Protection Device (OPD). Remove the plastic valve cover from the Liquid Propane cylinder. Make sure the grill gas hoses do not contact the grease pan or grill firebox when the Liquid Propane cylinder is placed into the cart.

**CONNECTING THE LIQUID PROPANE CYLINDER:** To connect the Liquid Propane gas supply cylinder: The cylinder valve should be in the "OFF" position. If not, turn the valve clockwise until it stops. Make sure the cylinder valve has the proper type-1 external male thread connections per ANSI Z21.81. Make sure the burner valves are in the "OFF" position. Inspect the valve connections, port and regulator assembly. Remove debris and inspect the hose for damage. When connecting the regulator assembly to the valve, use your hand to tighten the nut clockwise until it stops. Use of a wrench could damage the quick coupling nut and result in a hazardous situation. Open the cylinder valve fully by turning the valve counterclockwise. Before lighting the grill, use a soap and water solution to check all the connections for leaks. If a leak is found, turn the cylinder valve "OFF" and do not use the grill until a local Liquid Propane dealer can make repairs.

## 5. Operating Your Griddle (cont.)

### **⚠ CAUTION:**

Do not touch any hot grill parts. The outside of the grill bottom especially becomes very hot during use. Use protective gloves to handle any parts that might become hot during use.

### 5.6 Using the Griddle

Inspect the burner flame by looking through the match lighting holes.

A good flame should be blue with some yellow tips coming from the burner holes. Yellow tips on flames up to 1/4" in height are acceptable as long as no carbon or soot deposits appear.

During operation, stand to the side of grill when opening the grill lid.

Do not expose any part of your body directly above the cooking area.

The burner opening must be positioned properly over the valve orifices.

### **⚠ WARNING!**

This table top grill is use with 38" gas hose,we suggest to use this grill on the 32" high table.

Do not walk or jump over gas hose, a tripping hazard over the gas hose or propane tank,pulling the grill off the tabletop causing serious personal injuries or property damage.

## 6. Care And Maintenance

### 6.1 Care

Regular care of your grill will help keep it operating properly. All maintenance should be done only when the grill is cool and with the fuel supply turned off. Occasionally inspect and tighten hardware that may become loose.

### 6.2 Cleaning The Venturi Tube

A spider's nest or wasp's mud inside the Venturi Tube can block gas flow and can even cause a fire at the gas control valve. Such a fire can cause operator injury and serious damage to your grill.

To prevent insect related problems, inspect the Venturi Tube screen cover regularly and remove any dirt.

### **⚠ WARNING!**

Do not disassemble or alter the fuel supply system. Improper assembly can result in a hazardous condition. Seek qualified professional assistance if repairs are required.

## 8. Warranty and Replacement Parts

This warranty covers defects in parts and workmanship for a period of 3 years from the original purchase date. Any damage claim regarding the enameling must be submitted within 30 days of purchase to be covered by the warranty.

**The following conditions are NOT covered by this warranty:**

- Unevenness and color variations in the coated surfaces.
- Damage caused by improper assembly or disregard of the manual.
- Use of spare parts not supplied by manufacturer.
- Damage resulting from modifications or inappropriate use.
- Abuse of the grill
- Damage caused by improper maintenance or repairs by an unauthorized person.

**Limitations and exclusions:**

1. This warranty applies only to the original purchaser and may not be transferred.
2. If you can not verify the purchase date of the grill the warranty period will begin on the date the grill was manufactured.
3. Replacement or repair parts are warranted for the remaining period of the original part warranty.

**Your obligations:**

This grill must be assembled, installed, operated and maintained in accordance with all applicable codes and the instruction manual furnished with this grill. You must keep an invoice, cancelled check or payment record to verify the purchase date of the grill.
