# Use and Care of the George Foreman® The Next Grilleration G5™ Omelet/Snack Plates

Refer to your George Foreman® G5™ (GRP90WG\*) Owner's Manual for details on how to use plates.

1. Before using for the first time, wipe the Omelet/Snack Plates with a damp cloth to remove all dust.
2. Securely attach the Plates in the top and bottom of the G5 using the Release Handles on each side of the Plates.
3. Remove the food using a Plastic Spatula. Be sure to always use either plastic or wooden utensils so as not to scratch the non-stick surface of the Plates. Never use metal tongs, forks or knives as these can damage the coating on the Plates.
4. Do not remove or change the Plates while the unit is hot. The Plates must cool completely before cleaning.
5. To avoid accidental burns, allow your plates to cool thoroughly before cleaning.
6. To clean the Plates, scrape off any excess fat and food particles using a plastic spatula. Wipe the Plates dry with a paper towel or sponge.
7. The Plates may be removed from the appliance by pulling out on the Release Handles. Wash in warm, soapy water and dry thoroughly. The removable Plates are also dishwasher safe. After washing the Plates in the dishwasher, wipe the uncoated side with a dry towel to prevent discoloration. Dishwasher detergent may cause oxidation on the uncoated side of the cooking plate. This is not harmful and can be wiped off with a damp towel.
8. **Stubborn build-up:** Use a non-metallic scrubbing pad to clean the Plates.
9. Do not use steel wool, scouring pads, or abrasive cleaners on any part of the Plates.
10. Please reference your George Foreman® G5™ (GRP90WG\*) Owner's Manual for additional use and care instructions.
