BK1050S / BK1060S

IT'S TIME TO BRING HOME THE BAKERY™!

Your Professional Bread Maker makes it easy to prepare and bake a variety of breads, dough, and even jams and chutney! The unique features of this bread maker are each designed to deliver bakery-quality results with ease. You can find out more in the Instruction Manual section of this book, but the features below are especially important to note as you get started with these recipes.

Automatic Fruit & Nut Dispenser: This feature automatically adds extra ingredients like fruits and nuts to some recipes. The ingredients used in the fruit & nut dispenser are always listed after the yeast in the ingredients list. Use this feature only when the amount to add is less than 1/2 cup.

Collapsible Kneading Paddle: This unique paddle is designed to collapse automatically before baking begins, so you can avoid the hassle of removing the paddle from your finished loaf and leaving a hole in the bottom of your bread.
