

1 **PREPARE** **Back of main table**
 Assemble the back of the table by attaching the back panel to the table top. Use the provided screws and washers to secure the back panel to the table top. Tighten the screws and washers to the specified torque.

2 **PREPARE** **Front of main table**
 Assemble the front of the table by attaching the front panel to the table top. Use the provided screws and washers to secure the front panel to the table top. Tighten the screws and washers to the specified torque.

3 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

4 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

5 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

6 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

7 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

8 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

9 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

10 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

11 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

12 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

13 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

14 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

15 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

16 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

17 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

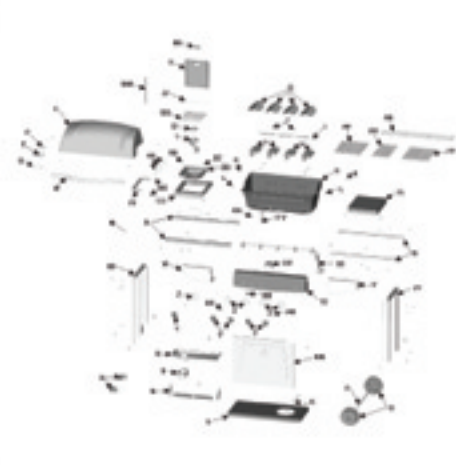

CAUTION
 Do not use the table top as a work surface. Use the table top as a work surface only.

18 **PREPARE** **Table top**
 Attach the table top to the main table frame. Use the provided screws and washers to secure the table top to the main table frame. Tighten the screws and washers to the specified torque.

CAUTION
 Do not use the table top as a work surface. Use the table top as a work surface only.
